

30-Day Look-Ahead Construction Activities

The City's contractor, Powell Constructors, Inc., continues their work on the five new soundwall segments a part of the Soundwall Construction I-210 Freeway Phases II & IV Project. Below is information regarding ongoing construction activities for the month of September 2024.

Full Connector & Ramp Closure

Soundwall along Westbound I-210 Freeway (S298 & S300; north side of I-210 Freeway)

WHAT/WHY: The City's contractor, Powell Constructors, Inc., is expected to implement a full connector closure, partial lane closures on the freeway, and a full off-ramp closure, for the placement of rubberized hot mix asphalt near Soundwall 298 and Soundwall 300.

WHEN: **Weeknights**, 10 p.m. to 6 a.m., Monday, September 9 to Friday, September 13, 2024*.
*Remaining construction activities for these soundwalls will continue through November 2024, with plant establishment continuing through November 2025.

WHERE: *(See map below for closures, detours & alternate ramps)*

- **Closure: Northbound SR-2 connector to Westbound I-210**
 - **Detour:** Northbound SR-2 to Foothill Blvd. off-ramp > westbound on Foothill Blvd. > southbound on Ocean View Blvd. > on-ramp to westbound I-210
- **Closure: Westbound I-210 Ocean View Blvd. off-ramp**
 - **Alternate off-ramp:** La Crescenta Ave. off-ramp
 - **Alternate off-ramp:** Pennsylvania Ave. off-ramp
- **Westbound I-210 partial freeway lane closures; at least one lane will remain open at all times.**

WHEN: Weekdays, 7 a.m. to 3:30 p.m., ongoing through September 2024*.

**Remaining construction activities for these soundwalls will continue through November 2024, with plant establishment continuing through November 2025.*

WHY: For the construction of the soundwall.

Soundwall along Eastbound I-210 Freeway (S307; south side of I-210 Freeway)

WHAT: Crews will be carrying out the following activities:

- Place decomposite granite at soundwall
- Trench and install irrigation mainline, including laterals, valves and risers
- Perform irrigation pressure test system
- Backfill irrigation lines

WHERE: Between La Tour Way and Alta Canyada Road (in Caltrans' right-of-way).

WHEN: Weekdays, 7 a.m. to 3:30 p.m., ongoing through September 2024*.

**Remaining construction activities for these soundwalls will continue through November 2024, with plant establishment continuing through November 2025.*

WHY: For the construction of the soundwall.

During applicable activities, traffic on City streets and noise level may be impacted. However, the Contractor and the Consultant will monitor the noise level to ensure that it will not exceed 85 decibels in accordance with the project specifications. Additionally, traffic control measures will be implemented to ease any congestion.

To ensure safety to the community, the contractor will continuously monitor all activities and adjust conditions as necessary.

For any questions you may have, please dial the project phone line or send an email to the project email, both listed below. **Share this notice with your neighbors to sign up and receive project updates.** Thank you for your understanding and cooperation during construction.

Please note: You may experience noise during the construction activities. Construction activity schedules and closures are subject to change due to inclement weather and/or other unforeseen operational or uncontrollable factors. Everyone is working towards completing this project in a timely manner and your cooperation and understanding helps the project team expedite the construction of the soundwalls. We appreciate your patience, and we apologize for any inconvenience during construction.
